

FIVE STORES ARE ROBBED

HEAD OF COLLEGE IS MISSING

Michigan Institution's President Disappears After Riot

STUDENTS UP IN ARMS

Outbreak Follows Expulsion of Girl from School

ALBION, Mich. — (Associated Press)—While trustees, faculty members and students of Albion college today mustered their forces for Monday's meeting of the board in effort to investigate disorders at school yesterday, when 550 students rioted and hissed President John W. Laird from the room, newspaper men sought vainly to locate Laird against whom student charges of "gross incompetency" have been made.

Laird, one of the youngest college executives in the country, has not been seen. His home was dark last night and his telephone and doorbell rang unanswered.

The campus today buzzed with rumors and speculation. The charges against the student resolutions presented at the chapel exercises—charges of incompetency, failure to cooperate with other faculty members, attacking Dr. Samuel Dickie, president emeritus of the college and acting in an unchristian manner, became secondary in interest to the action of President Laird in expelling a girl for unbecoming conduct.

President explains said the chapel riot, in which hymn books were thrown and general disorder prevailed until he left the room, was precipitated by expulsion of a "certain young woman" for smoking.

300 ARRESTED IN NEW DRIVE

Butler Renews Campaign on Vice in Philadelphia

MANY POOL ROOMS RAIDED

Roundup is Made in Prominent Boxer's Place

PHILADELPHIA — (Associated Press)—After checking up the results of his second 48-hour drive against lawlessness, Brigadier-General Smedley D. Butler, director of public safety, started shortly before midnight on a personal tour of inspection of the various police districts "to keep the 4,200 policemen and their commanders on their toes." The tour kept him on the go far into the early morning hours, and upon its conclusion he expressed himself as well pleased with conditions.

A checkup of the police records showed a total of more than 300 arrests for various alleged offenses, including 67 for traffic violations. Nearly 200 prisoners were taken in raids on billiard and pool rooms, speakeasies and stores said to have been operating as blinds for gambling.

Ten men were taken from a pool and billiard room in the center of the city owned by Lew Tendler, Philadelphia's well known lightweight boxer.

Few disorderly houses or gam-

BOY SLIGHTLY CUT WHEN TWO AUTOMOBILES CRASH

One boy was cut and bruised and two cars were damaged in a crash between the Buick of G. W. Archer, 950 Madison-av, and the Ford sedan of Orlo Moorman, 517 E. Vine-st, Friday night. It is alleged that Archer struck the Ford as it was parked along the west side of Union-st, near Vine-st, knocking Richard Kline, 7, from the rear seat of the car and cutting his forehead.

FORD RENEWS HIS SHOALS OFFER

Acts When Warned of Combined Fight Against Him

DETROIT — (United Press) — Aroused by a warning that the "power - fertilizer - chemical trust combine, backed by their Wall-st and international bankers," are making a determined fight against him, Henry Ford has renewed his offer for Muscle Shoals.

The warning came from Gray Silver, Washington representative of the American Farm Bureau Federation, who appealed to the automobile manufacturer, to tell the house military affairs committee that his offer still stands and that the Madden Sub-Steep Plant, replacing the Gorgas plant, will be satisfactory.

Ford promptly wired Congressmen John C. McKenzie, Martin B. Madden and W. Frank James.

"Our offer for Muscle Shoals still stands."

PETITION OF CAR MEN AT STAKE

Public Utilities Body Sets Date to Argue Question

PRINCIPALS RECEIVE WORD

Plan of Former Employees of Traction Line at Stake

Public utilities hearing on petition of former street carmen for a state charter granting the right to operate motor busses on routes traversed by cars of the Lima City Street Railway Co. is scheduled for hearing at 1:30 p. m. Monday, Feb. 18.

Word of the hearing was received here Saturday by Attorney B. F. Welty, representative of the carmen, City Manager C. A. Bingham, and Cable & Cable, representatives of the traction company. Solicitor Paul Landis will represent the city at the hearing.

Petition for a state charter was filed by Charles E. Morrison, and others after Common Pleas Judge H. A. Miller of Celina, granted the traction company a permanent injunction prohibiting the operation of busses in competition to street cars.

The court in its ruling upheld the validity of the agreement between the city and the traction company in the franchise granted by the city.

Traction and bus war started here when operators of city street cars operated busses along street car routes at the time the trolley service

Ban Is Placed On Boxer's Kiss

PARIS — (Associated Press)—The boxer's kiss has been forbidden. For some time it has been the fashion for two fighters to exchange kisses—one on each cheek—at the conclusion of a ring battle, but the French Boxing Federation has decided that for hygienic reasons the practice must go and has issued an official decree ordering its abolition. Originating in Southern France, the custom gradually spread to all French rings until it threatened to become a mania even among the professional fighters.

WIN LONG RACE AGAINST DEATH

Baby Rushed 1,000 Miles for Operation to Remove Tack

PHILADELPHIA — (United Press)—After a race of more than a thousand miles against death, Cleas Moore, eight-months-old son of a St. Louis laborer, arrived at the University hospital today for an operation to remove a carpet tack from a lung.

The infant, huddled in the arms of Mrs. Lela A. Parris, assistant superintendent of nurses at the St. Louis hospital, was taken to the hospital this morning after a dash half way across the continent on a fast train.

Dr. Chevalier Johnson or Dr. Louis Clarf, will perform the operation today. It requires but a short time and is done with the aid of a Bronchroscope, invented by Dr. Jackson.

U. S. SHIPS MAY MOVE ON REBELS

Washington Plans to Break up Mexican Blockade

SECURITY SHROUDS PROGRAM

Coolidge and Other Officials Refuse to Talk

WASHINGTON — (United Press)—Behind a heavy curtain of secrecy drawn by express order of Secretary of State Hughes, the government today proceeded to develop and carry out its Mexican policy.

The decision reached yesterday by President Coolidge and his cabinet to send warships to Mexican waters when that becomes necessary to protect American lives and property and keep American commerce free from interference still stand.

Whether that design has been carried out, or whether action upon it has been postponed for the present, all high officials of the government refused to say. From Secretary Hughes down, officials said there was "nothing we can give out now."

Something happened late yesterday to stay announcement of the plan to send American warships to prevent the De La Huerta blockade of Tampico causing interference with American commerce.

MT. BLANCHARD IS YEGG VICTIM

Hardware Store, Railway Depot and Other Places Entered

LIMA DETECTIVES ON SCENE

Daring Gang Takes Time in Pillaging of Hancock-co Village

Professional beggars Saturday morning cleaned out the village of Mt. Blanchard, 10 miles southeast of Findlay, and escaped with loot unofficially estimated at between \$2,000 and \$3,000.

One safe was cracked, two groceries looted, two garages robbed and a railway station broken into in the early morning hours by the yeggs who are being trailed by officials of the National Detective Agency.

One hundred dollars in cash was reported missing from the safe in the Foster Hardware store which was blown by a charge of nitroglycerine.

The Foster garage, City garage, Northwestern Ohio depot, Kerr grocery and Shoenmaker grocery were also visited by the robbers.

LARGE LOSS

No accurate estimate of loss was given Saturday morning but reports from the victims of the handie gang were to the effect that the loss would reach nearly \$3,000.

Cash tills in the groceries and garages were emptied and valuable merchandise reported missing from the groceries. A high powered automobile was said to have been stolen by the yeggs and used in their escape from the village.

AUTO MISSING

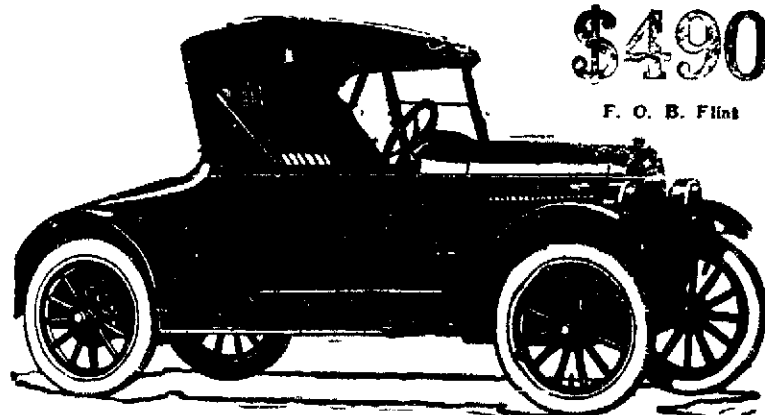

Walter Young, 616 1/2 S. Union-st, reported that his Ford touring car had been stolen from the 700 block on S. Main-st Friday evening.

ECONOMICAL TRANSPORTATION

A NEW WAY TO PAY FOR A CHEVROLET

BUY TRANSPORTATION —NOT MERELY A CAR

BUY THE SPRING CLUB PLAN WAY

SUPERIOR ROADSTER

\$490

F. O. B. Flint

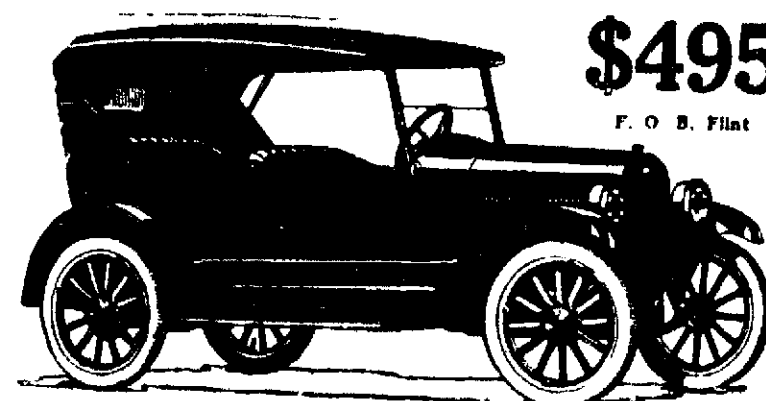

When low priced cars came on the market, PRICE was, of course, the magnet that drew buyers, because low price made automobiles possible for millions hitherto deterred from the advantages of motor transportation. Time and experience have developed the fact that purchase price—although an important factor—must always be considered in connection with operating and maintenance costs.

Chevrolet prices are not the lowest in the market, yet Chevrolet Economical Transportation averages

lowest in cost. This average cost considers the purchase price, interest on investment, depreciation and all operating and maintenance costs.

CHEVROLET COMBINES QUALITY WITH ECONOMY.

Our low prices are not obtained by sacrificing quality or leaving off essential equipment. A detailed comparison with any other car in the low priced field will convince you that Chevrolet is the best buy, because it is ALL THERE when you buy it.

AMERICANS TO BE PROTECTED

(Continued From Page One)

Answers of officials and others concerned with heavy holdings in the Tampico fields of Mexico advised Hughes against precipitate action. Representatives of these oil interests conferred with Hughes late yesterday and immediately thereafter every government official concerned adopted an attitude of strict secrecy.

Just before the secrecy order became effective, the navy department had sent word to all Washington correspondents that Secretary Denby would have a statement regarding Mexico at 4 p. m. It was stated that a subordinate official of the department that Denby's statement would deal with "the warships we are going to send to Mexico."

About the same time Secretary Hughes told correspondents he would have something "very soon." The representatives of the American oil interests notified newspaper men that they would give out a formal statement at a downtown hotel at about the same time Denby's statement was ready. It had been stated on the highest authority in two government departments that the cabinet at a two-hour session, had decided to send warships to Tampico.

At 4 o'clock, Denby said the promised statement would not be made. "I have nothing to say now," he said.

Hughes likewise cancelled his statement.

The oil men followed suit. They said there would be no statement until the state department made one.

BAR ON TROOPS LIFTED

ASTIN, Tex. — (Associated Press) — Acting Governor T. W. Davidson today, acquiesced in the request of President Obregon of Mexico for permission to transport troops across Texas soil, reversing his decision of Friday at the urgent request of Secretary of State Hughes.

In a telegram to Washington, Acting Governor Davidson said 2,000 Mexican federal troops would be permitted to enter Texas at El Paso, provided the American government assumed all responsibility for any damages resulting.

WAR FROM SITUATION

MEXICO CITY — (By Radio Via Fort Worth Star-Telegram) — (Associated Press) — The revolutionary forces on the Vera Cruz front still are refusing to stage a decisive battle, while nothing of importance has transpired on the Jalisco front in the last few days, according to a statement from the war department.

The rebel chieftain, General Sanchez, has concentrated 3,000 troops at Esperanza, Puebla, but the remaining rebel forces in that section have divided, forcing the federal troops to pursue them individually, the war department has learned.

The main body of federal forces heading the offensive against the rebels in Vera Cruz will be joined by two other columns in that section today.

According to unofficial reports, "Direct action" tactics inaugurated by syndicalists against about three score Cooperativa deputies accused of treasonable activities, have been changed from bullets to blockades. The deputies were threatened with "direct action" unless they left Mexico City for the rebel camp. Two Cooperativista deputies reported last week that they had been fired upon while en route to their homes.

After members of the chamber of deputies who are supporting the administration censured the attacks on Deputies Pastoriza and Castillo Najera, the two who reported they were fired upon, the syndicalists apparently changed their campaign. Detachments of unidentified persons besieged the homes of Deputies Laque and Landeron, allowing no one to enter or leave. The siege was raised when twenty colleagues of the captive legislators arrived at the homes in answer to calls for aid sent out by telephone.

300 ARRESTED IN NEW DRIVE

(Continued From Page One)

bling establishments have been found in the second drive and in some districts every place which has been under suspicion was closed tight. Lieutenant Carlin said early today that his men had not found a single place to raid "for the reason that they were either closed down or operating within the law."

FLASKS TO BE BARRED AT WASHINGTON DINNER

WASHINGTON — A warning that pocket flasks will not be considered in good form at the anti prohibition rally here Monday was issued today by G. C. Hinckley, secretary of the Association Against the Prohibition Amendment, under whose auspices the meeting will be held.

The coming face-the-facts conference dinner next Monday night, he said in a formal statement, "as well as its earlier afternoon session, will be in complete keeping with the principles of our association which is pledged to the observance of all laws, however unwise or inexpedient some of them may be, so long as they remain on the statute books."

"Not only will the dinner be dry, but hip pocket flask accessories also are barred."

LODGE NOTICE

Brother J. L. Maus, oldest and charter member of Sager Lodge, No. 513 F. & A. M., Lafayette, Ohio died at 8 p. m. Thursday, Jan. 17. The funeral will be held at 1 p. m. Sunday, Jan. 20, in the M. E. church at Lafayette. Masonic rites will be held. Masons and all visiting brethren are requested to meet at the lodge rooms at 12 noon, Sunday.

HEAD OF COLLEGE IS MISSING

(Continued From Page One)

cigarettes and going on an automobile drinking party. A few dissatisfied students, Dr. Laird said, brought up the chapel uproar because of friendship for the girl.

Countering this statement, student leaders said the girl had been expelled without proper action of the disciplinary committee. They said the girl had filed a statement at Detroit with Theodore Henderson, bishop of the Michigan area of the Methodist Episcopal church which supports Albion college, in which she charged President Laird had put his arms around her and attempted to kiss her. To this, Dr. Laird replied admitting the filing of the girl's statement but saying that Bishop Henderson had exonerated him and upheld his action in expelling her.

PREPARE UNDER WAY

Trustees of the college admitted today that the student dissatisfaction that came to a climax yesterday has been under investigation for several days.

It was also brought out that Dr. Laird's credentials presented to Bishop Henderson when he was being considered for the college presidency have been questioned. It is charged that Dr. Laird told Bishop Henderson and the trustees that he had a master of arts honorary degree from Syracuse university but members of the board declare there is no record at Syracuse of such a degree having been conferred. To this Dr. Laird has replied that he has been informed by the late Dr. James R. Day, then chancellor of Syracuse university, that an M. A. degree was to be issued to him and that he presumed it had been done inasmuch as he had received correspondence from the university with M. A. after his name. Because, he said, Dr. Day's records were destroyed by fire some years ago, and because of uncertainty in the matter, he has not used the degree after his name since coming to Albion.

AUTOMOBILE SHOW IS OPENED AT CLEVELAND

CLEVELAND — The twenty-third annual automobile show opened here today at public hall and at central armory, trucks and tractors being on exhibition at the latter place. The show will remain open daily until next Saturday.

Two hundred and forty models of passenger cars of fifty-nine different makes are being shown at public hall. Several are making their first public appearance, while four-wheel brakes balloon tires are being shown for the first time here. Centralized control of the wash also is new in this territory.

SCHOOL HEAD NAMED

SPRINGFIELD — G. M. Shelton, superintendent of schools of Elyria, was named superintendent of the Springfield public schools succeeding George E. McCord, resigned, teacher.

WINNING DRUM CORPS TO ATTEND NATIONAL MEET

Plans for launching a drive to raise money to defray the expenses of the American Legion drum and bugle corps to the national convention in St. Paul, Minn., were discussed at a meeting of William Paul Gallagher post, Friday night.

About \$2,000 will be needed to send the corps, 50 strong to the big convention. During the past two years it has been impossible to send the corps to the national convention because of the distance.

In 1923 the convention was held in New Orleans, and in 1923, San Francisco was selected. The Lima corps is a two time winner of first prize for the best organization at the Ohio state convention.

PAYROLL IS TAKEN

Manufacturing Concern's Cashier Held up at Kansas City

KANSAS CITY, Mo. — (United Press) — A negro bandit today held up an drobbed E. N. Daniels, cashier for the Irving Pitt Manufacturing Co., of a \$13,500 payroll.

This is the second large haul obtained by negro holdup men in Kansas City recently, five robbers having obtained \$44,500 in a bank messenger stickup last week.

ALLEN-CO GETS RUSSIAN MARITAL KNOT TO UNTIE

A marital knot tied on the far off frozen steppes of bloody Russia, will be untangled by an Allen-co court, if a petition filed by Abraham Koenigsberg, seeking divorce from Rose Koenigsberg, is granted.

Koenigsberg recites he was married in 1912. Married life was made a nightmare, he asserts because of his wife's nagging and her insistence that members of her family live with them.

They made trouble, he says, in his plea for a decree.

FOUND DEAD

CADIZ, Ohio — Hugh Spear, 54, Civil War veteran and a schoolmate of General George A. Custer, Indian fighter, was found dead in bed at his home here.

BOARD MEMBERS UNDER FIRE

Leipsic School Officials Hit by Examiner's Report

LEIPSIC — Method of conducting the affairs of Leipsic village school district is criticized severely by Oia T. Gunkel, state examiner, in a report made public following an audit of the board's business for the period from March 20, 1923, to January 3, 1924.

Criticism is made of the depository system in vogue. "Depository contract does not conform with section 7404 of the general code," the report states, "which provides that within 30 days after the first Monday in January, 1918, and every two years thereafter, the board shall provide for the deposit of all moneys coming into the hands of the treasurer. Funds were not let by competitive bid in January, 1924."

The examiner points out that the school moneys are in an unincorporated bank, and that a partner in the institution is a member of the board of education.

The report charges that Earl Andrews, a member of the board, sold materials and supplies to the body, in the sum of \$1,286.38, held contrary to law.

"If Earl Andrews is desirous of selling materials and supplies to the board of education, he should resign from the board as a member," the examiner declares.

T. H. Rower, a board member, sold fire insurance to the amount of \$240, in direct violation of the law, the report states.

Examiner Gunkel makes this observation: "When members of the board of education deliberately violate the laws of the state, it opens the door for public criticism, and justly. For who is to live within the law if not its trusted officials?"

POLICE EVIDENCE FUND BOOSTED \$200 FOR 1924

Increase in the police evidence fund for 1924 over that of the previous year as shown in the 1924 budget is taken as the basis for belief that secret war will be waged on local bootleggers by police thru "stool pigeons" or secret operatives.

In 1923 the safety department was allowed \$200 for investigation, evidence and maintenance of the identification bureau. This amount was increased to \$700 for 1924 of which about \$300 is for identification and \$400 for getting evidence.

With the proposed installation of a complete identification bureau comprising a finger print and photograph department and a schooling course for one of the members of the detective department, the allotted sum will be used immediately but the \$400 evidence fund is expected to meet the year's demands.
